Core Skills: Data cleaning, data validation, exploratory analysis, relational databases, queries, reporting, data visualization, documentation

Operating Systems: Windows 11, macOS

Languages: English (Native), Spanish (Fluent)

DATA & AI PROJECTS

Wine Quality Prediction | Python, pandas, scikit-learn, matplotlib | Spring 2026

- Acquired and cleaned real-world wine quality data, engineered features, and applied Random Forest classification to predict quality ratings using scikit-learn.
- Visualized feature correlations and model performance using seaborn and matplotlib; evaluated results using accuracy scores and classification reports.

CDC Childhood Mortality Data Analysis | Python, pandas, Jupyter Lab | Spring 2026

- Acquired and processed public health data from the CDC National Center for Health Statistics using Python and pandas, including conversion to pickle format for efficient data storage.
- Cleaned, prepared, and visualized childhood mortality trends to surface data-driven insights from a real-world government dataset.

RELEVANT EXPERIENCE

Florida Department of Transportation, *Workstation Support Specialist Intern*, Tallahassee, FL — November 2025 - Present

- Logged and tracked approximately 5 support tickets per week in Excel, documenting hardware issues and resolutions to support trend analysis and process improvement.
- Identified recurring workstation and software issues by analyzing ticket history to help the team address root causes instead of repeating the same fixes.
- Kept issue and equipment records in structured Excel logs to support inventory tracking and operational reporting.

ADDITIONAL WORK EXPERIENCE

Bath & Body Works, *Retail Associate*, Miami, FL — May 2025 - December 2025

- Processed shipment and inventory records accurately to support store operations, product availability, and operational decisions.
- Identified customer purchasing trends and product needs to support recommendations and sales performance.
- Followed standardized procedures to maintain consistency and accuracy across inventory and transaction data.

Miami Dade College, *Exam Proctor*, Miami, FL — January 2024 - January 2025

- Entered, verified, and maintained student testing records in internal databases with strong attention to accuracy and completeness.
- Followed strict testing procedures to ensure consistent data collection, access control, and audit-ready documentation.
- Troubleshot testing software, workstation issues, and user access problems to minimize disruptions during exams.
- Applied project management skills to coordinate testing schedules, track student documentation, prioritize competing deadlines, and resolve operational issues, while maintaining compliant testing procedures.

LEADERSHIP

Zeta Beta Tau Fraternity, *Risk Prevention & Wellness Director*, Tallahassee, FL — November 2025 - Present

- Developed and enforced risk prevention practices to promote safety, accountability, and organizational compliance.
- Planned wellness initiatives focused on member safety, engagement, communication, and responsible decision-making.
- Served as a resource to chapter leadership and members on risk management expectations, helping address concerns, reinforce policies and promote a safe and accountable environment.
- Managed chapter initiatives from planning through executing, coordinating timelines, resources, communications and alumni participation to support successful program delivery.

INVOLVEMENT & SERVICE

Cuban Noles, *Member*, Tallahassee, FL — Present

Light the Night, *Chapter Delegate — Blood Cancer Awareness Fundraiser* — Fall 2025
